Wheelchair Accessible Places In The City of Philadelphia

Did you know that the city's most popular places are wheelchair accessible? The Liberty Bell, Independence Hall, Philadelphia Museum of Art are just a few that people in wheelchairs can enjoy.

Getting around center city can be difficult, especially when you are in a wheelchair. Most of the city's sidewalks are wheelchair accessible with ramps to cross the street.

How To Get Around The City of Philadelphia

The city's public transportation system is largely accessible to people in wheelchairs. The Market Frankford Line and Broad Street Line are wheelchair accessible and most busses. If you are traveling on the Regional Rails, call SEPTA Customer Service at 215-580-7800 to see what stations are wheelchair accessible.

Philadelphia has many hotels that are wheelchair accessible. When you decide on a hotel, call them to make sure that the room will meet your needs. Ask the hotel about door widths, shower and tub set-up, and grabs bars to make sure there are no surprises when you arrive.

Find the words below in the puzzle. Circle the word when you find it. The words can go across, up and down, diagonal or backwards. Have Fun!!
