Philadelphia Coordinated Health Care
a core program of PMHCC, Inc.

Enhancing Access to Community Health Care

Southeastern PA Health Care Quality Unit

Philadelphia Coordinated Health Care (PCHC) strives to provide various publications and trainings that individuals, families and agencies will find helpful. As part of our mission to educate and raise awareness on issues that impact the Intellectual Disability community, we have taken action by offering accessible resources to those we serve. In doing so, PCHC has increased the number of bilingual publications and trainings available on our website at www.pchc.org.

The bilingual resources we provide are :

- Family Health Information Recording System (HIRS)
- PCHC Annual Physical Form
- Team Review Form
- Dysphagia Screening Tool
- Navigating the System
- Dementia Screening Tool

The bilingual trainings we provide are:

- Emergency Preparedness
- Social Media
- Friendship

We are always looking to increase the bilingual publications and trainings that we provide. If there is a resource or training you would like to have translated, please feel free to contact the Outreach Department at 215-546-0300.
