

Health Promotion Activities Plan

****This sample is to assist you in developing a health promotion activity plan. It is not intended to replace medical advice. Any instructions given by the physician regarding this diagnosis must be included.**

Name of Individual:

Health Concern/Issue * (Diagnosis)	SENSORINEURAL HEARING LOSS
Related Body System	Vision Respiratory Lymphatic Dental Hearing Digestive Integumentary (Skin) Endocrine Cardiovascular Nervous Musculoskeletal Genitourinary Blood
What is it? (Provide definition)	Hearing loss/change due to damage/changes to nerve pathways to and from the ear.
Signs and Symptoms (general)	Depending on degree of damage/change, individual could have mild to severe hearing loss.
Signs and Symptoms (specific to the person)	
Promotion/strategy support required * List very specific steps that the individual and/or caregivers use to support the person's health condition. Include information about monitoring health status. Who is called for changes/problems in this person's health condition? What is tracked, where it can be found, and who follows up on documentation required for this health condition? Who provides what training for the person and staff about the health condition and when?	<ul style="list-style-type: none"> ➤ <u>Watch (name of person) for signs and symptoms listed above and report to (title of person in agency who is responsible to receive this information).</u> ➤ <u>Include any specific instructions from the treating physician.</u> ➤ Everyone may help by being aware of, and avoiding, the situations where hearing may be difficult for someone with a hearing loss (groups, background noise, speaking to (name of person) from a distance). ➤ If a hearing aid is prescribed, know how to operate, change battery, keep clean, and fit in affected ear. ➤ Documentation about this condition can be found in the medical record under <u>(list section here)</u>. ➤ Receive training regarding this diagnosis and plan of care (include when to notify the physician) by <u>(title of person who provides medical training)</u> at least <u>(indicate frequency of training)</u> or as changes occur. This should be documented for all staff in the home.
Frequency of support *	<i>Fill in what physician (e.g. primary care physician, ENT) treats this condition and how often the person is seen.</i>
Desired outcome *	To recognize symptoms in order to obtain treatment or put interventions into place
Person/agency responsible *	<u>(Name of person)</u> , caregivers, agency nurse, primary care physician, <u>(specialist, if applicable)</u> <i>(The responsible parties may vary according to your agency: please place specific roles in this section. Some other examples might be health care coordinator, program specialist, house manager.)</i>
