“Supporting Informed Decision Making with NADSP”

Join us for this FREE introductory session of the National Alliance for Direct Support Professionals (NADSP)’s Curriculum.

In response to the Home and Community-Based Settings Rule, NADSP created a train-the-trainer curriculum,

Supporting Informed Decision Making. The Curriculum focuses on developing an understanding of why

supporting people with disabilities to make their own decisions is important, an awareness of how attitudes and values

toward choice can enhance or suppress decision-making capacity, and, the skills needed to support

decision making that balance choice and risk.

****Provider agencies are strongly encouraged to send DSPs, training staff, middle management staff and front line supervisors to this highly interactive and engaging training event****
